PROFESSIONAL EXCELLENCE PROGRAM

What is State of Hope?

The State of Hope seeks to activate communities, including nonprofits, philanthropies, government, businesses and other community members to collaborate closely to build local safety nets that will prevent conditions that contribute to disparities in education, threaten a family's self-sufficiency and could lead to child abuse and neglect.

Our ultimate vision is to have 14 Regions of Hope across Georgia. This could be one or multiple sites/projects in each region. |
